

Mary

What did you do yesterday?

- Created chores screen
- Linked to app stack

What will you be doing today?

- Join house by id
- Create all the screens

Are there any impediments in your way?

- Not at the moment

Andy

What did you do yesterday?

- Insert user information like name and it is under the userid
- Get rid of signup errors

What will you be doing today?

- Working on creating houseid through firebase, email
- Work with Ben on home page

Are there any impediments in your way?

- Scheduling problems, I need to be available when Ben is available

Ben

What did you do yesterday?

- Got rid of login/signup error
- Textinput is now password
- Created house and can input to db with user

What will you be doing today?

- Add back button for signup
- Joining house by houseid

Are there any impediments in your way?

- Firebase documentation sucks

Keith

What did you do yesterday?

- Nothing

What will you be doing today?

- Figure out nav bar, bad documentation
- Do bottom tab instead

Are there any impediments in your way?

- Didn't know how to do nav bar
