Team Members present: Mary chern, Andy Wong, Ben Pao, Keith Ho,

Date/time: October 21, 2018 12:00pm

Mary
What did you do yesterday?
-   Research database
-   Help work on login authentication
-   Worked on navigation bar design

What will you be doing today?
-   Working on passing information through the database

Are there any impediments in your way?
-   None

Andy
What did you do yesterday?
-   Updated git files
-   Grocery page was difficult and did not make any progress

What will you be doing today?
-   Working on supplies page instead

Are there any impediments in your way?
-   Grocery page was difficult because I did not understand how to attach the name to it and cause it to rotate with a timer..

Ben
What did you do yesterday?
-   Got to EXPO simulator to work
-   Worked with mary to design navigation bar

What will you be doing today?
-   Working on implementing the groceries page

Are there any impediments in your way?
-   None

Keith
What did you do yesterday?
-   Followed some tutorials and figured out how to do login page…(catching up) to the rest of teams proficiency

What will you be doing today?
- Helping design the nav bar as well as working on supplies page.

Are there any impediments in your way?
- Simulator is not functioning as expected…
- Other bugs etc…
-
